

Reminders

Users are given reminders periodically based on assignment due date

Trenton Timmons

user can change how often they receive notifications

Trenton Timmons

recurring reminders can be set for things like weekly or monthly meetings or for studying a little bit each week

Trenton Timmons

Location reminders would be optional. If they were at the library, the app would give them the things they need to get done.

Trenton Timmons

Users can choose to have reminders on or off

Trenton Timmons

Prioritizing assignments/ events

users can enter the difficulty of an assignment. based on that the app gives a suggested time to spend on it each day.

Trenton Timmons

different assignments/events will be color coded based on importance

Trenton Timmons

users can create a schedule for when to study

Trenton Timmons

while the app gives the user times to work, it also suggest the user times to relax or focus on other things.

Trenton Timmons
